

Ngo Huu Dong

UI/UX Designer

☎ 0378113898 ✉ dongn3889@gmail.com 📍 Phu Thanh ward, HCM city

OBJECTIVE

Final-year Information Technology student at HUFLIT, passionate about UI/UX design and frontend development. Familiar with Figma and possess foundational knowledge of HTML, CSS, and React. Seeking an internship to apply my skills and contribute to user-centered web applications.

EDUCATION

Ho Chi Minh City University of Foreign Languages - Information Technology (HUFLIT) 2023 - 2027

Major: Software Engineering

PROJECTS

May 2025 - Present

Healthcare Appointment Booking App (Figma Project) | UI/UX Designer

- Conducted user research and designed logical user flows (wireframes) to simplify the hospital appointment booking process for patients of diverse age groups.
- Built high-fidelity, interactive prototypes using Figma, incorporating dynamic components, specialized UI assets, and conditional micro-interactions.
- Applied core UX/UI principles to optimize accessibility, visual hierarchy, and intuitive navigation across all app screens.

Hot Toys Store – E-commerce Web Application | Full-stack Web Developer

- Developed the web application architecture utilizing **ASP.NET Core** and **C#**, ensuring robust performance and clean code structure.
- Designed and managed an **Oracle database**, implementing stored procedures for secure inventory tracking, order processing, and user data management.
- Developed responsive frontend interfaces using HTML, CSS, and Razor Pages/CSHTML for a seamless user shopping experience

Vietnamese Banh Mi Landing Page | Frontend Developer / UI Designer

- Designed and developed a visually engaging landing page using core UI/UX principles to promote Vietnamese culinary culture.
- Applied responsive web design techniques for multi-device compatibility and successfully deployed the live application via **Vercel**.
